IN THE UNITED STATES DISTRICT COURT
FOR WASHINGTON, DISTRICT OF COLUMBIA

Case Number:

Jury Trial Demanded

INTERROGATORIES SUBMITTED TO GEORGE TENET, FORMER CIA DIRECTOR
DURING CLINTON ADMINISTRATION and BUSH ADMINISTRATION

Interrogatory 1: Have you ever read the 1835 book by French author Alexis de Tocqueville 'Democracy in America', and truly understood that part which states *"America is great because she is good. If America ceases to be good, America will cease to be great."*?

Interrogatory 2: Have you ever heard the posit of Sir Arthur Conan Doyle regarding his Sherlock Holmes works; ""When you have eliminated all which is impossible, then whatever remains, however improbable, must be the truth."?

Interrogatory 3: Were you aware at any time that prior to Donald J. Trump becoming President of the United States that the Trump real estate group was considering the acquisition of the World Trade Center complex of buildings from the Port Authority New York & New Jersey (PANY&NJ)?

Interrogatory 4: If yes, when did you know by date or month of Trump real estate group's interests and/or intentions regarding the World Trade Center?

Interrogatory 5: What date or month did you know about the 1987 asbestos lawsuit filed in New Jersey Superior Court Law Division as PANY&NJ v Allied Corporation?

Interrogatory 6: Asbestos was banned in 1971 under the 1969 National Environmental Protection Act when the steel erection on WTC 1 had already been topped out and WTC 2 was approximately 60% complete on steel erection. The PANY&NJ and others estimated that had the asbestos problem been solved in 1971 the cost would have been $1 billion USD. The PANY&NJ decided to finish the construction without facing the asbestos problem.

Where you ever aware of those facts before receiving these interrogatories?

Interrogatory 7: The record seems to be clear that you were appointed as DCI by then President Bill Clinton and you served as Acting DCI from December 16, 1996 to July 11, 1997 and then DCI December 16, 1996 – July 11, 2004 in two (2) administrations. Prior to that you were Staff Director of the SSCI from 1988 to 1993. You joined President-elect Bill Clinton's national security transition team in November 1992. Clinton appointed you as Senior Director for Intelligence Programs at the National Security Council, where you served from 1993 to 1995. Clinton was sworn into office January 20, 1993. The bombing of WTC 1 North Tower happened February 26, 1993.

Were you aware at any time the exact reasons Clinton summarily fired with immediate effect FBI Director William Sessions in July 1993 after the February 26, 1993 bombing of World Trade Center 1 North Tower?

Interrogatory 8: Former FBI Director William S. Sessions had initiated an internal investigation as to who in the FBI was aiding and abetting the bombing of WTC 1, North Tower on February 26, 1993.

Were you aware of that in 1993 since you were directly involved in intelligence matters in the Clinton Administration?

Interrogatory 9: It was revealed in the WTC 1 bombing trial that the FBI had assisted in that bombing. Were those "terrorist recruiter" FBI agents or were they CIA agents planted in the FBI to carry out that bombing?

Interrogatory 10: Since the asbestos problem was absolutely a known fact as early as 1971 and further demonstrated in the 1987 lawsuit PORT AUTHORITY NEW YORK & NEW JERSEY v ALLIED CORPORATION, was the February 26, 1993 WTC bombing an attempt to collect on the insurance to fix the WTC asbestos problems?

Interrogatory 11: If the answer to the foregoing interrogatory is no, was the February 26, 1993 WTC bombing a trial run to see how strong those towers were and what it would take to destroy them as happened on September 11, 2001?

Interrogatory 12: Have you ever been aware that the WTC Twin Towers had no perimeter wall columns or beams, and all of the live loads and dead loads were carried by a colossal rectangular core superstructure with columns measuring 36" x 16" and 52" x 22"?

Interrogatory 13: Do you have any personal knowledge that Bush-Cheney kept you onboard as DCI to get a full update of what the Clinton Admin did in Turkmenistan, Afghanistan and Pakistan to block Bridas Corporation and what they accomplished in those 3 nations?

Interrogatory 14 What day or month did you learn of the second PANY&NJ lawsuit filed in 1991 at US District Court, Newark NJ in the matter of PANY&NJ, Trans-Hudson Corp v Affiliated FM Insurance, et al seeking $6 billion against the insurers for asbestos remediation, which was approximately $4.5 billion to remediate WTC and the rest to be allocated to asbestos removal from Kennedy, La Guardia and Newark airports?

Interrogatory 15: On September 11, 2004 in NYC at "9-11: Confronting the Evidence", two CIA agents flashing CIA credentials threatened to terminate one of the presenters if he revealed those PANY&NJ asbestos lawsuits and related facts. Why would the CIA show up at a public event and be concerned about the 1987 and 1991 lawsuits regarding asbestos that the PANY&NJ lost on May 17, 2001 being made public knowledge?

Interrogatory 16: That same presenter at "9-11: Confronting the Evidence" was not in NYC on September 11, 2004 to discuss the asbestos lawsuits. He revealed Bridas Corporation, Turkmenistan, Afghanistan, Pakistan, Gwadar Port on the Arabian Sea and the Bridas v Unocal, Delta Oil, et al lawsuits in Texas courts from 1996 to 2000 and the final order September 9, 2003 regarding the ICC arbitration award of $495,000,000 battling the Mayer Brown law firm representing the Defendants. Plus, the fact that Mayer Brown and senior partner Richard ben Veniste was selected for the 9-11 Commission while that lawsuit was in progress. The Writ of Certiorari they filed was rejected by SCOTUS on March 22, 2004.

Exactly when did you know about the Bridas accomplishments in Turkmenistan, Afghanistan and Pakistan and what was really going on in Texas and US federal courts SD Texas Houston and Fifth Circuit US Court of Appeals in New Orleans?

Interrogatory 17: Did you participate in the selection of the 10 people appointed to the 9-11 Commission, plus Phillip Zelikow as Executive Director and others in the back office?

Interrogatory 18: Exactly when did you know about the $15 billion interference of contract lawsuit Bridas v. Unocal, Delta Oil, et al in Texas State Court in Fort Bend Texas and the appeal to Texas State Court of Appeals that was rejected in 2000?

Interrogatory 19: Exactly when did you know about the ICC [International Chamber of Commerce], arbitration award to Bridas Corporation in the amount of $495,000,000 for their years of hard work and investments in Turkmenistan, Afghanistan and Pakistan, from Ashgabat Turkmenistan, thru Afghanistan with Taliban in agreement, and further south to Port of Gwadar Pakistan?

Interrogatory 20: Exactly when did you know about the Bridas SAPIC v Turkmenistan, Turkmenneft lawsuit that went to US District Court, SD Houston in an attempt to vacate the ICC award, and then to Fifth Circuit US Court of Appeals in New Orleans, final order in favor of Bridas on September 9, 2003?

Interrogatory 21: Is Richard ben Veniste of the Mayer Brown law firm a "reliable CIA asset" when CIA covert operations are ongoing and exposed?

Interrogatory 22: Why was Thomas Kean made chairman of the 9-11 Commission when he was CEO of Amerada Hess, directly in bed with Saudi-owned Delta Oil as Delta-Hess, Cayman Islands domicile, and the Caspian Basin area of the world is exactly why September 11, 2001 happened?

Interrogatory 23: Why was Lee Hamilton appointed as Vice Chairman, who is now 0-4 on special investigation commissions he has been appointed to and two were quite egregious as Iran Contra and September 11, 2001?

Interrogatory 24: After Fifth Circuit US Court of Appeals ruled against Turkmenistan and Turkmenneft in favor of Bridas Corporation and Bridas SAPIC, Mayer Brown filed a Writ of Certiorari to the US Supreme Court that was rejected on March 22, 2004 in the matter of State Concern Turkmenneft v. Bridas, 03-1018.

Were you aware of those events as they transpired?

Interrogatory 25: The following is an excerpt from the Plaintiffs lawsuit:

"April 21, 2006: Bridas prevails a second time at Fifth Circuit, US Court of Appeals. BRIDAS S.A.P.I.C., Bridas Energy International, Ltd., Intercontinental Oil v Turkmenistan and Turkmenneft,

United States Court of Appeals, Fifth Circuit, Date published: Apr 21, 2006, Docket No. 04-20842;

Citations: 447 F.3d 411 (5th Cir. 2006)"

The Mayer Brown defendants went back to US District Court, SD Texas Houston seeking again to vacate the ICC award to Bridas Corporation, but they lost first time in 2003 and the second time in 2006.

Is it the official but unspoken policy of Washington DC if the initial intent was years of lies and premeditated schemes of theft of what others accomplished (oil, natural gas, pipeline right-of-way to an ocean), Washington DC is totally scoff law and will try again and again to avoid paying for what it stole by deceit, bullying and theft?

Interrogatory 26: Senior Partner of Mayer Brown Richard ben Veniste represented Adler Berriman "Barry" Seal, a known CIA drug trafficker during Iran Contra. It is a known fact that during Iran Contra the CIA was flying airplane loads of weapons to Honduras and returning with airplane loads of cocaine into the Mena Arkansas airport. Barry Seal was murdered on February 19, 1986, allegedly by contract killers hired by the cartel.

Was Barry Seal a CIA sanctioned "hit" because he outed a covert CIA operation that included Vice President and former CIA DCI George H W Bush and his role in Iran Contra including the drug trafficking of cocaine into the United States via Mena Arkansas and possibly other places at out of the way airports, and/or CIA flight hubs and US military bases?

Interrogatory 27: It has been a known fact with certain US citizens that the CIA has been in bed with the Columbia cocaine cartels for many years, and even now with the Mexican cartels. When did that drug trafficking operation with the Columbian cocaine cartels and the CIA start?

Interrogatory 28: It is a known fact that former governor and former President Bill Clinton, your former boss, knew all about the cocaine trafficking. The Arkansas State Police escorted Arkansas National Guard convoys and were spotted moving cocaine into the USA through a national forest after delivered to nearby Mena Arkansas. (Former CIA Terry Reed addressed the Mena AR cocaine trafficking issue in the book he wrote.)

Do you understand why certain Americans think it is ludicrous to wage a War on Drugs when the CIA is literally a functioning Drug Cartel and drug trafficker?

Interrogatory 29: How many times as DCI did you use USAID to insert CIA agents into a nation?

Interrogatory 30: It has been revealed during the Trump Administration and the work that Elon Musk and his team have done at DOGE that USAID funded $300,000,000 to Afghan Farmers and then a second amount of $330,000,000 to Afghan Farmers. It is abundantly apparent after George W. Bush and Tony Blair were "Mission Failed" on taking over the entire Bridas Corporation pipeline accomplishment, the USA then stayed another 20 years focused on raising poppy fields to increase heroin production.

Is part of the job description at DCI and DDO Special Activities Division to produce illegal drugs for more money for black ops not reported to US Congress or the American public?

Interrogatory 31: If the original objective was to launch a Global War on Terror on fabricated reasons, but lost the war and then shifted to heroin production, do you grasp why many Americans and foreigners alike now label the US as both warmongering criminals and drug producing and trafficking criminals?

Interrogatory 32: How do you explain that the "Global War on Terror" to defend the US from terrorists, national security of the United States and heroin production and trafficking by the United States government are nothing more than an obtuse oxymoron to conceal criminal activity?

Interrogatory 33: Are you aware that when the Taliban prevailed they destroyed all of those poppy fields producing heroin?

Interrogatory 34: Even as DCI in Clinton and Bush Administrations did you ever ask yourself "Who really are the Good Guys and the Bad Guys?", since the Taliban are zero tolerance on illegal drugs and certain bad actors in the US government are gung ho about production and distribution of illegal drugs?

Interrogatory 35: The US sent a lot of troop rotations to Afghanistan including commanding generals. Do you think Americans will be happy or pleased that rather than fighting a global war on terror the Pentagon was assigned the mission of protecting poppy fields to produce heroin, so the CIA could stuff its coffers with illegal money for more failed black ops?

Interrogatory 36: Such questionable CIA activities go back many decades. Why was the CIA intent on taking over the Golden Triangle heroin trade during the Vietnam War and collaborating with rogue elements of the US military to do so?

Interrogatory 37: Is smuggling large amounts of drugs and money derived by selling drugs easy to do because US military airbases and CIA air operations locations do not have US Customs inspections?

Interrogatory 38: Do you think the CIA would resort to more overt criminal activity if Congress, the DoJ, FBI and DEA put US Customs and illegal drug detection means at every airport, airbase, border crossing and port of entry in the USA?

Interrogatory 39: Is failure to stop illegal drugs into the USA an "intelligence failure" as you and Richard Clarke claimed to the 9-11 Commission, or would it be failure to enforce the rule of law that is long overdue?

Interrogatory 40: Is former Vietnam era US Navy SEAL Richard Armitage a "reliable CIA asset" over at the State Department?

Interrogatory 41: Is former President of OPIC Dr. Peter Watson a "reliable CIA asset"?

Interrogatory 42: Is the foregoing the reason why Richard Armitage and Dr. Peter Watson were advisors to their respective groups of OPIC and Armitage Associates LLC in the proximity leading up to September 11, 2001?

Interrogatory 43: Is OPIC (Overseas Private Insurance Corporation) one of the means for laundering CIA drug money back into targeted projects?

Interrogatory 44: Why was OPIC one of the first in line to fund part of the Bridas Corporation TAP plan after that matter was taken over by military force by George W. Bush and Tony Blair, but they failed "mission accomplished"?

Interrogatory 45: How many times were you in handwringing meetings with Bush and Cheney, et al, about the failures in Afghanistan?

Interrogatory 46: Was it part of the CIA covert operation in the US and Caspian Basin to create a myriad of false leads, misinformation, disinformation to avoid being caught in illegal activity?

Interrogatory 47: Did you ever suggest to George W. Bush and/or VP Dick Cheney that the sane approach was to seek a joint venture with Bridas Corporation, since they were welcome in all three key nations and the United States was absolutely not welcome in Afghanistan?

Interrogatory 48: Mr. Curt Weldon, former Vice Chairman of US House Armed Services Committee has gone public in 2025 about Able Danger and the House subcommittee he chaired was overseeing a $180 billion budget over Defense R&D. The DIA had developed a meta-data program to analyze raw data. Everyone wanted it except the CIA while you were DCI.

Was the CIA afraid that the Fusion meta-data program would detect both the false flag "radical Islamic males to fly jets into US targets" and how many other false trails the CIA had planted as fake information in America's Intelligence Garden?

Interrogatory 49: Is it true that FBI counterterrorism detected the illegal operation ongoing with Saudi GDI and the CIA stopped sharing critical information with the FBI?

Interrogatory 50: Was the illegal operation inside the United States with Saudi GDI done with Presidential authorization?

Interrogatory 51: Did the CIA and Washington DC in general think no Americans would ever see this press release that happened after the US and UK invaded Afghanistan?

23 Feb 2003: OPIC agrees to fund the pipeline and Bush has guaranteed to protect it with U.S. troops (without telling the United States citizens). "*23-02-03 Turkmenistan, Afghanistan and Pakistan (TAP) have signed a protocol for trans-Afghanistan Gas Pipeline Project… However, some recent reports had indicated that the United States was willing to police the pipeline infrastructure through permanent stationing of its troops in the region. The US ExIm Bank, the Trade and Development Agency (TDA) and the Overseas Private Insurance Corporation (OPIC) had also shown readiness to finance such a project, if leading American energy giants come forward.*"

Interrogatory 52: Does the foregoing interrogatory 51 sum up that exact reasons the Bush Administration blamed September 11, 2001 on Afghanistan while Bridas Corporation was tied up in US Courts defending their rights?

Interrogatory 53: It was Richard Armitage that threatened Pakistan with "bomb into the Stone Age" if Pakistan did not play along for the US takeover of the Bridas Corporation accomplishments in Turkmenistan Afghanistan and Pakistan to the port city of Gwadar, Balochistan Province Pakistan.

Was the alleged ISI wire transfer of $100,000 to alleged 9-11-2001 ringleader "Mohammed Atta" part of the CIA cover story?

Interrogatory 54: Why did the Bush Administration notify Iran, Pakistan and India before September 11, 2001 of the impending attack on Afghanistan but not the citizens of the United States?

Interrogatory 55: Exactly when did you know that the alleged ringleader of September 1, 2001 "Mohammed Atta" is an agent of Egyptian intelligence and a go between for CIA and Mossad and at times CIA and Saudi GDI?

Interrogatory 56: Did the CIA tip off Mossad that September 11, 2001 was the designated date to destroy the World Trade Center?

Interrogatory 57: If your answer is no, how do you explain Israeli Dominik Suter and his 4 other "Dancing Israelis" filming the entire event and dancing and doing "high 5's" from the New Jersey side of the Hudson River?

Interrogatory 58: Were the Israeli Art Students IDF or Mossad bomb experts or merely another angle to create confusion to cover up the trails of who really did September 11, 2001?

Interrogatory 59: After the US commenced bombing Afghanistan and some limited US and UK troops on the ground as Green Berets, 10^{th} Mountain Division and CIA Special Activities Division, it was reported in Caspian Basin area news services that former Secretary of Defense Donald Rumsfeld flew into Turkmenistan and went by armed convoy into Northern Afghanistan to meet with General Rashid Dostum and "Mohammed Atta". Atta is a very common last name in the area of Afghanistan, not in Egypt.

Do you know the real name of the alleged ringleader of September 11, 2001 "Mohammed Atta", who did not die slamming a hijacked Boeing 767 Flight 11 into WTC 1 North Tower?

Interrogatory 60: Did the CIA plant the unharmed, undamaged passport of "Mohammed Atta" at the crime scene as part of the Official Story coverup?

Interrogatory 61: Are you aware that within the alleged 19 "radical Islamic men" who did not fly jets into the World Trade Center or the Pentagon, have since been identified as 2 were on CIA payroll, 6 or 7 either worked for Pentagon or trained on US military bases, and 1 is a pilot for Egyptian Air and 2 for Saudi Airlines?

Interrogatory 62: Does the CIA have a bad habit of defaming, slandering and illegally using the names of persons who are still alive in its black operations such as September 11, 2001 to cover trails leading back to the CIA?

Interrogatory 63: Does the CIA have an in-house publishing capability to create fake passports fake ID, fake driver licenses and other fake documents?

Interrogatory 64: There was a movie made on the subject of CIA involvement in drug trafficking into the United States titled "Kill the Messenger"? When the newspaper articles came out Black leaders such as Reverend Jesse Jackson, Al Sharpton and Rep. Maxine Waters were outraged and US citizens in the Los Angeles area. Clinton appointed DCI John Deutch even went to the Watts area of Los Angeles to protest the allegations that the CIA was involved in flooding crack cocaine into the USA to help fund Iran Contra "off the books".

Why was the CIA trafficking crack cocaine into the US and that matter was reported by investigative journalist Gary Webb of the San Jose Mercury News newspaper due to testimony he personally heard in US District Court in Los Angeles, CA that the crack cocaine trafficking was a "national security matter"?

Interrogatory 65: Did the Clinton Administration know about the CIA trafficking crack cocaine into the US? If yes, when did they know?

Interrogatory 66: Explain exactly how and why CIA drug trafficking is purported to be a national security matter, and not merely sidestepping or shielding US drug trafficking people and foreign associates from justice?

Interrogatory 67: Did the Clinton Administration know about the PANY&NJ asbestos lawsuits? If yes, when did they know?

Interrogatory 68: Did the Bush-Cheney Administration know about the asbestos lawsuits and when did they know?

Interrogatory 69: You were DCI leading up to the US-NATO intervention and bombing of Serbia. Multiple blogs out of Bosnia and Serbia referred to Zalmay Khalilzad as "The Butcher of Bosnia" for arming Muslims to kill Christians to justify US – NATO intervention to save the Christians.

Did you approve that operation of arming Muslims to kill Christians and/or did former president Bill Clinton approve the arming of Muslims to kill Christians, so he could rush over to play "Wag the Dog"?

Interrogatory 70: Are you familiar with and know the name Jock Covey of the State Department and later spokesperson for Bechtel Corporation?

Interrogatory 71: After UNMIK was established and Jock Covey was running it, was Mr. Covey a loyal and reliable State Department and CIA asset?

Interrogatory 72: Former President of Serbia Slobodan Milosevic was arrested in 2001 for alleged war crimes and held without bond until he died 2006 in prison. Once the ICC [International Criminal Court] fully investigated the matter, i.e. the arming of Muslims to kill Christians to justify intervention by the United States government, he was found innocent posthumously.

Did you ever advise Bill Clinton or George W. Bush that there are lines where illegal wars of aggression, outright murder of people to justify lethal military action in a foreign nation are war crimes?

Interrogatory 73: Since Slobodan Milosevic was posthumously found innocent, do you acknowledge that points the finger back at "The Butcher of Bosnia" Zalmay Khalilzad, Jock Covey, Bill Clinton, DDO James Pavitt and you?

Interrogatory 74: Was former DDO James L. Pavitt and CIA Special Activities Division in charge of creating the excuse for Clinton and NATO to intervene in Serbia for deaths created by the US government?

Interrogatory 75: Approximately 1 hour after WTC 7 was destroyed by a controlled demolition a flight took off from Kosovo bound for Turkmenistan. On board were large crates, some people who did not identify themselves, and members of the UNMIK team as additional security. Those crates were then offloaded and loaded onto Chinook helicopters and delivered into Northern Afghanistan to an old military base. The contents of those cases were hundreds of millions of US dollars.

Are you aware that General Rashid Dostum lives in that old Russian military base and he had signed a contract with Bridas Corporation for the TAP (Trans Afghanistan Pipeline) from Ashgabat Turkmenistan, thru Afghanistan with Dostum and Taliban blessings and on south to Port of Gwadar, Pakistan?

Interrogatory 76: Did UNMIK Director Jock Covey coordinate the delivery of crates of USD to General Rashid Dostum on September 12, 2001?

Interrogatory 77: Did you clearly see then and now, having large crates of US dollars in Kosovo ready to deliver into Afghanistan is clear evidence of foreknowledge by parties in the United States that September 11, 2001 was a staged event and multiple US parties exactly knew the destruction of WTC was going to happen?

Interrogatory 78: Did you authorize that bribe or was that the doing of George Bush and/or Cheney?

Interrogatory 79: Was the bribe to General Rashid Dostum paid by the CIA or the Pentagon, or the State Department, or USAID?

Interrogatory 80: Was the message to General Rashid Dostum to either play along with the illegal US invasion and push Bridas Corporation and Taliban aside, or die?

Interrogatory 81: Is it true that General Rashid Dostum had already been threatened with death for signing the agreement with Bridas Corporation and he fled to Turkey as the US sponsored interference by the US government, Unocal, Saudi-owned Delta Oil, et al continued and escalated?

Interrogatory 82: Was Afghanistan born Zalmay Khalilzad employed by the US State Department or was he a CIA plant inside of the State Department as part of a far-reaching black op and cover story?

Interrogatory 83: Are you aware that former Reagan Admin Secretary of State George Schultz and Jock Covey rushed to collaborate on the "Official Excuse" of the Bechtel sponsored Aqaba Pipeline when the NY Times reporter Bob Herbert was about to release a story on that matter and Iraq was nowhere close to being stabilized or under US control in 2003-2004?

Interrogatory 84: From 1992 to 1996 when Bridas Corporation filed a major $15 billion lawsuit in Fort Bend Texas for interference of contract as Bridas v Unocal, Delta Oil, et al.

What role did Zalmay Khalilzad play in the interference of contract in Turkmenistan, Afghanistan and Pakistan before that lawsuit was filed?

Interrogatory 85: Did Bill Clinton direct State Department, CIA and Zalmay Khalilzad to interfere with Bridas Corporation contracts in Turkmenistan, Afghanistan and Pakistan on behalf of Unocal and Saudi-owned Delta Oil?

Interrogatory 86: If yes, was Bechtel lurking behind the scenes to take over the construction of the Bridas TAP pipeline?

Interrogatory 87: Are you aware that US Ambassador to Pakistan Tom Winston Simons urged Prime Minister Benazir Bhutto in the period 1993-1996 to let Unocal have the Bridas TAP, she was offended and demanded an apology?

Interrogatory 88: If CIA covert agents and/or CIA Special Activities Division were deployed in Turkmenistan, Afghanistan and Pakistan to assist in the harassment and interference that led to the $15 billion interference of contract lawsuit in Fort Bend TX, how many CIA agents and who by name participated in those illegal actions as CIA operatives to block Bridas Corporation?

Interrogatory 89: Who authorized you to have the CIA illegally operating inside the USA with Saudi GDI Los Angeles office to create a cover story that "radical Islamic males were intending to attack the United States with commercial jets"?

Interrogatory 90: Have you been aware at any time that prior to 9-11-2001 that 2 Pakistani "recruits" tried to enter the US via the Consular Office in Jeddah Saudi Arabia?

Interrogatory 91: The 2 Pakistani men stated they wanted to come to the United States for a trade show. However, in direct interviews they could not name the trade show or even what city it was to be held in. The visas were denied.

Are you aware that the CIA intervened to overrule the US Consular Officer to make sure the visas were issued while you were DCI?

Interrogatory 92: Were the 2 Pakistani men part of a scheme to implicate more “radical Islamic nations and males” to attack the United States with hijacked commercial jets?

Interrogatory 93: Have you been aware at any time that after September 11, 2001 the US government issued a formal written apology to one of the Saudi men that were alleged to have been “radical Islamic males flying jets into US targets”?

Interrogatory 94: On June 23, 1998. Halliburton CEO Dick Cheney made the following comment in a speech to The Cato Institute: *“The good Lord didn't see fit to put oil and gas only where there are democratically elected regimes friendly to the United States. Occasionally we have to operate in places where, all things considered, one would not normally choose to go. But, we go where the business is.”*

Were the planning and preparations already underway for the total destruction of the World Trade Center well before the 2000 elections so the US could “go where the business is”?

Interrogatory 95: Are you aware that clear evidence of aforethought, planning, and creating false justifications for criminal actions are abundant regarding September 11, 2001?

Interrogatory 96; Years before September 11, 2001, US government agents appeared at the WTC offices of Emory Roth & Sons Architects and confiscated all plans and specifications for the World Trade Center, including WTC 7.

Were those government agents employed by and operatives of the CIA?

Interrogatory 97: Since it is absolutely apparent the US government did not confiscate the plans and specifications to bail out the PANY&NJ on their asbestos problems, who advised that those documents were needed to plan a controlled demolition for the WTC 1 and WTC 2 Twin Towers and WTC 7?

Interrogatory 98: There was a book was published in 2004 titled “One Way Ticket to Crawford Texas: A Conservative Republican Speaks Out”.

Have you ever been aware of that book, or about 200 articles published later or about 200 radio shows where every detail of Bush’s fabricated Global War on Terror and political lies were publicly revealed?

Interrogatory 99: The following is copied and pasted from the 2004 book and this interview was shortly before Johnny Micheal Spann allegedly died on November 25. The same information is cited in the Plaintiffs lawsuit:

“The following is copied and pasted from the Schwarz book (January 2004) as it appeared in a foreign newspaper and in the book, Chapter 3, pages 88-89. The link to this article was blocked on the Internet shortly after it was published and was posted on the newspaper website in English:

11:01 2001-11-22

Bin Laden: Not all Americans are bad

*"<u>Mohammed Omar predicted the current campaign by the USA in Afghanistan **5 years ago**, claiming that when the Taliban would not allow the US to build a pipeline they will begin to attack us, justifying it with Bin Laden</u>.* **[Plaintiff's notice to the Court is those 5 years leading up to September 11, 2001 is when Bridas Corporation was under full assault from multiple US and Saudi parties to block the Bridas SAPIC TAP.] [emphasis added].**

Omar's words are reported by Hamid Mir, who made the last interview with Osama Bin Laden, who declared that he is not against the American people, only the politicians and the state.

In the first interviews, Osama Bin Laden had declared himself against all the American people, but he had changed. He admitted that there were many good people in the United States and it was the politicians and State, which he despised. He told Mir that he had seen many western people on television protesting at the bombing in Afghanistan and concluded, "They are good people. They are not Moslems, but they condemn the bombing".

Interrogatory 100: Are you a student of history and aware of the old adage "Those who fail to learn from history are doomed to repeat it"?

Interrogatory 101: When expanding the Mongol Empire, Genghis Khan avoided conflict with the Afghans and Pashtuns, yet Great Britain decided to test the water over 100 years ago. They prevailed the first time, barely prevailed years later in a rebellion, and in Act 3 the Afghans annihilated the British army. Have you ever heard the quote made by a British Viceroy after that resounding defeat? "I have come to the conclusion that trying to subjugate the Afghans is about as intelligent as going tiger hunting barehanded."

Interrogatory 102: Are you aware of who the source was of this quote: "The mightiest military on Earth keeps losing to pens and contracts"?

Interrogatory 103: The following is an excerpt from the Plaintiff's lawsuit in this cause of action.

"1997; US District Court for the District of New Jersey - 984 F. Supp. 286 (D.N.J. 1997), November 21, 1997, 984 F. Supp. 286 (1997), <u>SECURACOMM CONSULTING, INC., Plaintiff, v. SECURACOM INCORPORATED, KuwAm Corporation and Wirt D. Walker, III, Defendants/Third-Party Plaintiffs, v. Ronald S. LIBENGOOD, Third-Party Defendant</u>. Civil Action No. 95-5393(DRD). United States District Court, D. New Jersey. Libengood was the founder of SecuraComm and should be shown as one of the Plaintiffs.

In the final order against the Defendant Securacom, where they named the real Plaintiff Ronald S. Libengood and owner of SecuraComm as plaintiff and a third-party defendant, the US District Court judge DEBEVOISE, Senior District Judge made the following opening statement in the original order.

"This action in one of its aspects is for trademark infringement and unfair competition brought under the Lanham Act and the statutes and common law of the State of New Jersey. In another disturbing aspect, this action is part of the ruthless abuse of the litigation process by an arrogant venture capitalist and his investment vehicle to prevent a trademark claimant from seeking to pursue his rights under his trademark. November 21, 1997."

As the foregoing nonsense was going on, the WTC security systems provider Stratesec already existed as a Delaware corporation years before they tried to put themselves forth as "Securacom" and was listed as a foreign corporation in 16 US states well before this SecuraComm v Securacom lawsuit.

Why were KuwAm Corporation, owned by Kuwaiti Mishaly S. Sabah and Bush family relative Wirt Dexter Walker, III involved in the World Trade Center security company for most of the 1990's posing as Burns & Roe Securacom and later as Securacom until they were sued and forced to stop using that trade name?

Interrogatory 104: Was Burns & Roe Securacom a CIA front to conceal the identity of the real WTC security company "Stratesec"?

Interrogatory 105: That name was later changed from Burns & Roe Securacom to only Securacom.

Was Securacom a CIA front to conceal the identity of the real WTC security company "Stratesec"?

Interrogatory 106: The Sabah family from Kuwait has a sordid history in lying so a US President can fabricate an illegal war of aggression, specifically Desert Shield 1990 and Desert Storm 1991. The following is an excerpt from the Plaintiffs lawsuit.

"This is where people need to learn, remember and heed from history. On October 10, 1990, "Nayirah" testified about the Iraq horrors and atrocities she supposedly saw with her own eyes in Kuwait and her last name was not disclosed. The problem is she lied, she was the then 15-year old daughter of the Kuwait Ambassador to the US, living in the Washington DC area and was not in Kuwait to see anything she said, while tearfully crying to a US Congressional body to get the US to attack Iraq during the George H. W. Bush Administration. The following is from a published source that investigated the matter.

"The Nayirah testimony was false testimony given before the United States Congressional Human Rights Caucus on October 10, 1990, by a 15-year-old Kuwaiti girl who was publicly identified only as Nayirah at the time. In her testimony, which took place two months after the Iraqi invasion of Kuwait, she claimed to have witnessed Iraqi soldiers taking babies out of incubators at a Kuwaiti hospital before looting the incubators and leaving the babies to die on the floor. Nayirah's statements were widely publicized and cited numerous times in the United States Senate and by American president George H. W. Bush to contribute to the rationale for pursuing military action against Iraq. [Added by Plaintiffs, 1990 Desert Shield and 1991 Desert Storm, and the aborted "Operation Steppe Shield" reported by TIME magazine. Then in 2003, Defendant George Bush promotes "Project BioShield.]

*She was the daughter of Saud Nasser Al-Saud Al-Sabah, the erstwhile Kuwaiti ambassador to the United States. Furthermore, it was revealed that her testimony was organized as part of a wider public relations campaign conducted by the Kuwaiti government-in-exile's Citizens for a Free Kuwait, which sought to encourage American military involvement against Iraq's occupation of Kuwait through coordination with the American public relations firm Hill & Knowlton. In the aftermath of the Gulf War, **the Nayirah testimony came to be regarded as a classic example of modern atrocity propaganda**."* [emphasis added by Plaintiffs, just making it up to justify a war that was actually started by Kuwait, US – Kuwait oil company theft of billions of Iraq oil and US government stepping in to cover that up. Then harsh sanctions that killed 500,000 to 600,000 Iraqis that former Secretary of State Madeline Albright (Clinton Administration) stated: "it was worth it".]

The phrase **"modern atrocity propaganda"** clearly defines what really happened on September 11, 2001 to justify and attack a nation that did not have anything to do with what was thrown in America's face; a Pearl Harbor event.

As any reader of this document should do, note what started a multi-billion-dollar dispute between Iraq and Kuwait was theft of $6 to $7 billion in oil from the Iraq Basra oil fields adjacent to Kuwait, with the assistance of US oil companies, and what former US Ambassador to Iraq April Glaspie told Saddam Hussein; *"The United States has no interest in an Arab-Arab dispute"*. [and then the same

Sabah family is involved in both WTC security as Stratesec and a US government facility LANL as of 1994 doing thermitic reaction research that destroys metal and turns into liquid molten state?]"

Interrogatory 107: Does the CIA love the Kuwaitis because they are utterly corrupt, were directly in bed with BCCI as a money laundering conduit, and even after the collapse and public scandal, the Kuwaitis took in some of the BCCI criminal bankers, so they could keep helping the CIA and other criminals launder illegal money?

Interrogatory 108: After George Bush was elected, sworn in and the assault on Afghanistan was launched, Zalmay Khalilzad was appointed as US Envoy to the puppet Karzai government in Kabul. Did you recommend Zalmay Khalilzad for the role in Afghanistan after the US invasion to steal a pipeline right-of-way from Bridas Corporation?

Interrogatory 109: After Afghanistan and the totally fabricated excuses to attack Iraq in March 2003. Zalmay Khalilzad was moved to be US Envoy to Iraq.

When exactly did you know that China and Pakistan were in negotiations in 2001 regarding CPEC, the China Pakistan Economic Corridor?

Interrogatory 110: When exactly did you know that the Pentagon "Office of Special Plans"; aka: "The Lie Factory" was falsifying all evidence to justify the second illegal assault on Iraq in March 2003?

Interrogatory 111: Exactly when did you know that Pakistan and China signed that Belt & Road agreement in 2002, construction started on the Gwadar port and was finished by 2006, dedicated in 2007? That was the Bridas Corporation pipeline terminal and what Bush and Blair tried to steal with September 11, 2001 lies and military force and failed.

Interrogatory 112: After CPEC was signed between Pakistan and China, Iran wanted to proceed on the IPI pipeline (Iran-Pakistan-India) and CIA initiated a covert war aimed at Balochistan Province in Pakistan and Iran. Did you authorize that illegal war via DDO James L. Pavitt and CIA Special Activities Division?

Interrogatory 113: The alleged first US casualty in Afghanistan after September 11, 2001 was Johnny Micheal Spann, former US Marine Captain and with CIA Special Activities Division. You eulogized Mike Spann. He was killed in a prison uprising allegedly on November 25, 2001.

Why was the CIA Special Activities Division operating a prison in Afghanistan?

Interrogatory 114: What exact day did you authorize DDO James L. Pavitt to deploy CIA Special Activities Division to be boots on the ground in Afghanistan and when did they arrive by exact date in Afghanistan?

Interrogatory 115: On September 9, 2001, the most powerful warlord in Afghanistan was assassinated by a Jordanian TV crew that was recruited by the US to interview Ahmad Shah Massoud. The USSR nicknamed him "The Lion of Pansjhir" his army was so lethal to Russian forces in the 1980-1988 US backed war.

Did you authorize that assassination since he had already warned Bush that US presence in Afghanistan was not welcome and would be resisted?

Interrogatory 116: If you did not authorize the assassination of Ahmad Shan Massoud, was DDO James L. Pavitt given a green light to rendition or kill anyone in the way of the US invasion of Afghanistan to take over the Bridas Corporation pipeline right-of-way while Bridas was tied up in US Courts by US actions from 1992-1995 forward?

Interrogatory 117: Former Vice Chairman of House Armed Services Committee Curt Weldon is on the record that when it was apparent to him that Bush – Cheney were intent on attacking Afghanistan, he took a delegation to Rome to meet with the exiled King of Afghanistan. The purported purpose was to convince him to return to Afghanistan and see if the warlords could come to a consensus to allow the United States to come into that nation peacefully.

Did the assassination of Ahmad Shah Massoud, a veritable national legend and hero, 2 days before September 11, 2001 render that effort to be impossible?

Interrogatory 118: Was CIA Special Activities Division on the ground in Afghanistan before September 11, 2001 to round up who would absolutely resist what George W. Bush intended to do the day he was sworn into office and that is to attack and take over the Bridas Corporation accomplishments while they were tied up in US courts?

Interrogatory 119: George W. Bush refused to answer this question. Did CIA Special Activities Division rendition or kill all Bridas Corporation affiliates in Afghanistan that had signed the contract allowing the pipeline, or were in other roles like surveying, design, etc. to keep them from talking?

Interrogatory 120: In addition to Johnny Micheal Spann being killed in Afghanistan during the prison revolt, how many of the CIA Special Activities Division were injured or killed in Afghanistan?

Interrogatory 121: How many CI|A Special Activities Division were injured or killed in Balochistan Province Pakistan and Iran trying to block the CPEC, China Pakistan Economic Corridor and the IPI (Iran-Pakistan-India Pipeline) while you were DCI at the CIA?

Interrogatory 122: Why does the USA assume it is welcome when prior hostile actions caused people to detest or hate the USA due to US belligerence, bloodshed and terrorism in the past?

Interrogatory 123: Is the CIA incapable of learning from its past mistakes and failures?

Interrogatory 124: Do you grasp the simple concept that people do not see anything "exceptional" or "indispensable" about a US government that is run by liars, warmongers, terrorists, murders and traitors?

Interrogatory 125: During 1984 to 1986, the Statue of Liberty was closed for repairs. One of the problems was galvanic corrosion where the exterior copper was in contact with the iron structure that made the statue even possible to build; i.e. the statue has a skeleton. Many French and American scientists, engineers, metallurgical experts, government agencies were involved from 1980 forward to evaluate how to do a restoration effort and repairs of a major landmark.

The PANY&NJ filed a third lawsuit in US District Court SDNY during the Clinton Administration that named additional parties including Tishman Construction and even the supplier of the special aluminum elements on the exterior walls of both WTC 1 and WTC 2. In 1995, the US District Court SDNY ruled against the plaintiffs PANY&NJ v Allied Corp, et al again more along the lines of "construction defects". Decision Date: 29 March 1995; Docket Number No. 91 Civ. 0310.,91 Civ. 0310; Citation 914 F. Supp. 960, Parties: PORT AUTHORITY OF NEW YORK AND NEW JERSEY, et ano., Plaintiffs, v. ALLIED CORPORATION, et al., Defendants. Court: U.S. District Court - Southern District of New York.

In addition to asbestos problems, did the WTC Twin Towers have galvanic corrosion problems similar to why the Statue of Liberty had to be closed and fix its interior skeleton and structure plus the damage that had caused to the exterior copper that is the Statue of Liberty?

Interrogatory 126: Have you been aware at any time that the superstructure core of the WTC Twin Towers was of such dimensions, thicknesses, strength and special design features to further increase strength and load carrying capacity that an ordinary controlled demolition was absolutely not feasible?

Interrogatory 127; Have you been aware at any time that the WTC Building 7 was intentionally overdesigned as to structural strength, thick windows to survive virtually any type of disaster and is why the NYC Office of Emergency Management was located there on the 23rd Floor?

Interrogatory 128: When did Larry Silverstein actually purchase WTC 7?

Interrogatory 129: Was the Silverstein purchase of WTC 7 and the 99-Year Lease signed July 24, 2001 on the other 6 buildings of WTC just months after the PANY&NJ lost the $6 billion lawsuit on May 17, 2001, part of the coverup and lead up to September 11, 2001?

Interrogatory 130: Was the Larry Silverstein role leading up to and on September 11, 2001, to create a CIA diversion that poor Larry was a victim of terrorism, too?

Interrogatory 131 Is Larry Silverstein “a useful CIA asset” or a “greedy CIA useful idiot” for what was done on September 11, 2001?

Interrogatory 132: Have you been aware at any time that on August 26, 2022 a New Jersey man named Malcolm Howard, age 79 at the time, terminally ill, now deceased, made what was close to a “death bed confession” that he and 3 other CIA agents covertly wired WTC 7 from May 1997 to September 2001 for controlled demolition in what the CIA designated as operation “New Century” as the code name?

Interrogatory 133: Was Malcolm Howard a CIA agent stationed at WTC 7 to prepare that building for total controlled demolition destruction at a future date?

Interrogatory 134: If yes, what is the identity by name of the other 3 CIA agents that assisted in wiring WTC 7 for controlled demolition on September 11, 2001?

Interrogatory 135: Did you come up with the CIA cover name “New Century: or did DDO James L. Pavitt?

Interrogatory 136: Was PNAC (Project for a New American Century) a CIA funded and sponsored operation to influence US foreign and war policy and control of media narrative?

Interrogatory 137: Were the CIA offices in NYC still in WTC 7 or had they already been relocated due to the asbestos and the controlled demolition was already planned years before September 11, 2001?

Interrogatory 138: Are you familiar with the Neocons that issued the PNAC manifestos issued in 1997 and again in 2000 by the “Project for a New American Century” as to how the CIA might have thought “New Century” would give the agency plausible deniability if anything leaked out about their “covert mission” regarding the destruction of World Trade Center 7?

Interrogatory 139: Is it true that one of the largest CIA field offices were in WTC 7 leading up to September 11, 2001 as well as the SEC, IRS, Defense Department and other government agencies plus the NYC Office of Emergency Management?

Interrogatory 140: Do you know former CIA Director and former Secretary of State Mike Pompeo?

Interrogatory 141: Are you aware that Pompeo is publicly on the record that the CIA "lies, cheats and steals"?

Interrogatory 142: Was "lie, cheat and steal" part of your role as DCI during the Clinton and Bush Administrations?

Interrogatory 143: The Plaintiffs in this lawsuit are of the position that was done to Bridas Corporation is an example of US greed on display and came packaged with nothing but "lie, cheat, and steal" and September 11, 2001 wat the excuse of what the US was really after., but needed that "Pearl Harbor" excuse.

When did the covert controlled demolition wiring and setting of explosives start inside WTC 1 North Tower and WTC 2 South Tower?

Interrogatory 144: Was the WTC security company Burns & Roe Securacom a CIA front?

Interrogatory 145: Was the WTC security company Securacom as a standalone name a CIA front?

Interrogatory 146: Was ACE Elevators a CIA front after the PANY&NJ took the contract away from Otis?

Interrogatory 147: KuwAm Corporation, Mishaly S. Sabah and Wirt Dexter Walker III lost the SecuraComm v Securacom in 1997, but rather than obey the order of the Court they appealed 2 times to Third Circuit US Court of Appeals and kept the matter tied up until 2000.

Were they under CIA instructions to drag things out well past the 1997 final order of the US District Court, Newark because the CIA was busy 1997-1999 creating false "radical Islamic males" trails and wiring WTC to be totally destroyed?

Interrogatory 148: Is KuwAm Corporation and its owner Mishaly S. Sabah an "arrogant venture capitalist" because his family is friends of the Bush Family or was he dragging things out until 2000 so no one detected Marvin P. Bush was also involved in the real WTC security company as Stratesec?

Interrogatory 149: His relative "Nayirah" who only revealed her first name and outright lied to the Congressional Human Rights Caucus in October 1990 to give George H W Bush, former CIA Director, then former Vice President in the Reagan Bush Administration, then President 1989-1993, the justifications to attack Iraq in Desert Storm in 1991.

How long has the CIA and the Bush family been in bed with the corrupt Kuwaitis?

Interrogatory 150: It was later revealed her name is Nayirah al-Sabah, at the time the 15-year old daughter of the Kuwait Ambassador to the US. She did not see any "Iraqi atrocities" in Kuwait City because she was living in the DC area.

Is the al-Sabah and Sabah family still money laundering conduits for the CIA?

Interrogatory 151: Is there still a Sabah - CIA slush fund in Kuwait the CIA uses for certain black operations?

Interrogatory 152: Once the matter was investigated the Hill & Knowlton PR firm was part of coaching Nayirah and a new term described how her lies were used by George H W Bush, the Senate and House to wage an illegal war of aggression on Iraq in 1991.

Are you familiar with the phrase "modern atrocity propaganda"?

Interrogatory 153: Was September 11, 2001 an intentional "modern atrocity propaganda" to launch the Global War on Terror and go after huge oil and natural gas grabs in the Caspian Basin area and Iraq but that plan failed?

Interrogatory 154: Until 2000, Marvin P. Bush was on the board of directors of Houston Casualty Company ("HCC"). The total list of defendants is not shown in detail in the 1991 asbestos lawsuit PANY&NJ, Trans-Hudson Corporation v Affiliated FM Insurance, et al. However, in the appeal to Third Circuit US Court of Appeals in Philadelphia, PA all parties in the insurance consortium are cited but HCC does not appear.

Have you been aware at any time, why HCC publicly reported a $30 million loss due to September 11, 2001 and what they were insuring on the WTC to have caused such a loss?

Interrogatory 155: In the final order of the US District Court, D New Jersey dated May 17, 2001, the presiding judge noted that the PANY&NJ knew about the asbestos problems in the 1987 lawsuit PANY&NJ v Allied Corporation and that Partial Summary Judgement had been granted to some of the insurance consortium members on June 5, 2000.

After the presiding US District Court judge granted partial summary judgment in 2000 to many of the Defendants, did the final push to kick into high gear to destroy WTC 1 and WTC 2 go into finalization mode and make it look like a terrorist attack?

Interrogatory 156: In your opinion or direct knowledge of facts, do you believe that the likelihood of the Bush Family having no knowledge about the WTC asbestos problems is a probability of "0", they absolutely did know and were actively engaged in the destruction of the WTC?

Interrogatory 157: One week before September 11, 2001, Robert Mueller became the FBI Director on September 4. One week later on September 18, 2001 were the weaponized Ames strain anthrax attacks on Congress, specifically aimed at Senator Patrick Leahy (D-VT) and Chairman Senate Judiciary Committee, Senator Russ Feingold (D-MN), the only senator to vote "no" on the Patriot Act, and Speaker of the House Tom Daschle (D-SD). Those attacks killed 5 people that are still unsolved crimes, just as September 11, 2001 are unsolved crimes at WTC and Pentagon and the fate of the crews and passengers on Flights 11, 175, 77 and 93.

BioPort Vaccines was facing huge court liabilities for a vaccine that blocks nothing but was causing huge harm to the military personnel forced to take the vaccines. DynCorp mercenary and security company, long-time friends with the Bush Family since at least Iran Contra, stepped in and acquired BioPort, moved it offshore to evade liabilities but was based in Reston VA as DynPort Vaccines, LLC.

Do you have any knowledge of why BioPort Vaccines, exclusive producer for the Pentagon anthrax vaccines was on the List of Suspects but the FBI refused on 3 direct phone calls to put DynPort Vaccines, LLC on the suspect list?

Interrogatory 158: Is DynCorp considered to be a "useful CIA asset" or proxy when needed?

Interrogatory 159: During the fabricated reasons to bomb Serbia and Bosnia by the Clinton Administration, DynCorp was illegally trafficking underage females to sexual predators in the UK and US. In fact, DynCorp was convicted in the UK and State of Texas on those charges.

Is such criminal, compromised people and corrupt companies, ideal candidates to be CIA assets or proxies?

Interrogatory 160: Is former FBI Director Robert Mueller a "reliable CIA asset" when coverups are needed and the FBI refused to put DynCorp Vaccines, LLC on the Suspect List for the anthrax attacks on Congress?

Interrogatory 161: Was it a CIA idea to terrorize Americans with the totally fabricated "Saudi Dirty Bomb Suspect Adnan Gulshair el Shukrijumah" in 2003?

Interrogatory 162: The FBI knew within 15 minutes that the alleged suspect was not Saudi, was not born in Saudi Arabia, was born in Guyana South America, family lived in Miramar FL for many years and when the bogus Dirty Bomb alert was blasted out on every US television station Adnan had been a medical student at McMaster University in Hamilton Ontario Canada for close to 3 years.

Is it customary for the CIA to use the FBI for terrorizing Americans since it is illegal for the CIA to operate in the United States unless attached to a US government agency, plus CIA prefers "covert" status?

Interrogatory 163: After the US District Court Newark NJ and 2 appeals to Third Circuit US Court of Appeals ended the use of Burns & Roe Securacom and Securacom, the real WTC security company was finally revealed as being Stratesec. What is notable in all corporate registrations in Delaware and 16 other states is all Stratesec dates predate the use of Burns & Roe Securacom or Securacom except the filing in December 1997 that was related to IPO, Initial Public Offering.

Were Burns & Roe Securacom, Securacom and Stratesec CIA fronts or "cutouts" leading up to the total destruction of the World Trade Center to fix that asbestos problem in horror story "modern atrocity propaganda" fashion and launch a totally contrived Global War on Terror starting with Afghanistan?

Interrogatory 164: The first Stratesec incorporation was years before Burns & Roe Securacom or use of Securacom and before the first PANY&NJ asbestos lawsuit.

Are the use of multiple identities and concealed, if possible, a standard operation procedure for the CIA, its agents, operatives or proxies?

Interrogatory 179: Leading up to September 11, 2001, Washington Group International that was located on the 91st Floor of World Trade Center 2, South Tower, took over Morrison Knudson and Raytheon, which years previous had taken over Hughes Aerospace that had a fleet of A3 Skywarriors. Morrison Knudson had performed over 200 controlled demolitions for the US Army Corps of Engineers. The jet that attacked the Pentagon was not the Boeing 757, Flight 77 from Dulles International Airport that Stratesec listed as one of its clients for security. What hit the Pentagon with a bunker buster missile and followed on same path was an A3 Skywarrior. Of course, following September 11, 2001, all records on the 91st Floor were conveniently destroyed.

Was Washington Group International a CIA front or operation?

Interrogatory 185: No record of this foreign corporation registration can be located in the State of Florida business registry. However, OpenCorporates has its existence. Furthermore, an SEC filing by publicly traded Stratesec clearly states why it is being de-listed from AMEX because its largest creditor ES Bankest could no longer fund them, Both ES Bankest and its owner Bankest Capital Corporation (BCC) were in bankruptcy in US Bankruptcy Court, SD Florida.

Since the Stratesec IPO did not happen until December 1997, the 1994 foreign corporation registration suggests something was going on in Florida a little over 3 years prior to the IPO.

People went to prison in Florida due to Stratesec fraud and money laundering on both sides Stratesec and its largest alleged creditor E.S. Bankest. Were you aware of that?

Interrogatory 186: It was reported that Bush relative Wirt Dexter Walker III transferred a large block of Stratesec stock to E.S. Bankest that does not appear to be a paydown of Stratesec debt. Why was that matter never investigated?

Interrogatory 187: Was Stratesec an "SPE", Special Purpose Entity, whose sole function and use was for the controlled demolition of WTC 1, WTC 2 and WTC 7?

Interrogatory 188: Are Albert Graves, Barry McDaniel and Bush relative Wirt Dexter Walker III CIA employees, agents, operatives, assets or proxies?

Interrogatory 189: The following foreign corporation registration in the State of Georgia in 1996 shows Barry McDaniel and Wirt D. Walker III. Why will be addressed in court ordered discovery.

The bigger question is why were Burns & Roe Securacom, Securacom and Stratesec all pretending to be the WTC security company when it was Stratesec all along and directly involved the Bush family and Kuwaiti Mishaly S. Sabah?

Interrogatory 218: Is Joel M. Berlant a CIA employee, agent, operative, asset or proxy?

Interrogatory 219: Is Mark J. Scheer a CIA employee, agent, operative, asset or proxy?

Interrogatory 220: Mark J. Scheer is a former partner of Gunster Yoakley law firm and still holds equity in the law practice. His son now works for what is now Gunster Law Firm, 600 Brickell Avenue, Miami Florida. His deposition in the bankruptcy of the largest creditor and shareholder of Stratesec is problematic because his deposition did not speak the truth. A normal person would presume that with $10,000,000 USD at stake in an Adversarial Proceeding in a Chapter 7 in US Bankruptcy Court he spoke the truth under oath. The following is an excerpt from the Plaintiffs lawsuit.

"The Bankest Capital Corporation ("BCC") bankruptcy case is directly and indirectly related as 50% owner of ES Bankest LLC and due to the fraudulent transfer of $10,000,000 to the bank, BCC became 100% owner of ES Bankest LLC but in a Chapter 7 liquidation. These bankruptcy cases have every appearance of the truth being it was Defendant PANY&NJ that defaulted on paying ES Bankest, LLC, not Stratesec, and at least in part triggered both bankruptcy cases, then even in Florida a coverup may have been initiated. In short, due to the Bankruptcy Court Adversary Proceeding order the $10,000,000 payment to Espirito Santo Bank had to be surrendered back to the bankruptcy court as part of the Chapter 7 Debtor BCC estate. In short, BCC never became the 100% owner after the Adversarial Proceeding that blocked that transfer of money.

Additionally, the Bankruptcy Court granting Summary Judgement regarding the illegal transfer of $10,000,000 identified certain names of persons and entities and are disclosed in footnote 44 on a previous page of this Overview of Cause of Action and below:

"B. BCC's Control Over the Funds

The parties agree to the following facts:

The $10,000,000 sum was transferred to the Bank from a trust account at BCC's law firm, Gunster Yoakley.

The funds were deposited into the Gunster Yoakley trust account by, or on behalf of, Bankest International, Inc. ("BI") and Winston Financial Corp. ("Winston"). [Bankest International Inc, Florida, formed 1972]

Each of BCC, BI, and ***Winston was completely controlled*** *by Hector Orlansky and Eduardo Orlansky.* ***[emphasis added, Orlansky brothers did not form or control any entity with Winston in its name as shown below.]***

Bank's Summary Judgment Motion (DE #103) at 1-2. Hector and Eduardo Orlansky were the beneficial owners of the equity of BI at the time of Payment. (Deposition of Mark Scheer (DE #148) (the "Gunster Depo") at 175-176). BI owned 100% of BCC. Id. at 188.''

According to OpenCorporates, there has never been a Winston Financial Corporation formed or registered in the State of Florida. There was such an entity in the Bahamas but has been stricken from the records and no dates provided as to formation or dissolution or revocation of business rights. There is a Winston Financial Corporation in Delaware as well as other "Winston" entities the Bush Family are involved in as Marvin P. Bush, not the Orlansky brothers."

The owner of Winston Financial Corporation of Delaware and Arlington Virginia is Marvin P. Bush, do you wish to dispute that fact?

Interrogatory 221: Hector and Eduardo Orlansky were sent to prison in 2006 for 20 years maximum sentences primarily for money laundering and they were via ES Bankest directly tied to Stratesec. Do you wish to dispute that?

Interrogatory 222: Hector Orlansky, Eduardo Orlansky and Ariadna Puerto appealed the maximum sentences to 11th Circuit US Court of Appeals and were denied having their sentences reduced as first-time offenders. Was it the CIA or Bush factions that got retired SCOTUS Associate Justice Sandra Day O'Conner to sit on that appeal case "By Designation" and make sure the final appeals order did not mention one word about Stratesec, why ES Bankest, Bankest Capital Corporation were even in bankruptcy court, or that Marvin P. Bush and relative Wirt Dexter Walker III were directly involved in the WTC security company Stratesec leading up to the total destruction of World Trade Center on September 11, 2001?

Interrogatory 223: Is Mark J. Scheer a reliable CIA asset to have made such an erroneous statement in a deposition regarding $10,000,000 in a deposition for a Chapter 7 Adversarial Proceeding before US Bankruptcy Court SD FL?

Interrogatory 224: In December 2013, Helm LLC was formed in Florida as a "conversion" as if the Helm Holdings International Inc in Delaware and the 1 foreign corporation listing in Florida no longer existed in the State of Florida. However, deeper research into this matter reveals that Helm Holdings International, Inc. Delaware and Florida is still the manager of Helm LLC, making the decisions and calling the shots of what goes on at 999 Brickell Avenue, Miami FL in Suite 300.

Elizabeth Dorta, Miami FL, Asst. Treasurer;
James P. Fenton, Miami FL, President;
Elizabeth Gracia, Miami FL, AVP;
Helm Holdings International Inc. from Miami FL, serving as the Manager.

Is Helm Holdings International Inc (Delaware) and the 1 foreign corporation listing in Florida, 999 Brickell Avenue, Miami Florida a CIA operations base or CIA money laundering operation?

Interrogatory 225: Is Elizabeth Dorta a CIA employee, agent, operative, asset or proxy?

Interrogatory 226: Is Elizabeth Gracia a CIA employee, agent, operative, asset or proxy?

Interrogatory 227: Is or was the Miami FL law firm Gunster Yoakley, representing the lenders as largest creditor to the WTC security company Stratesec (directly involving Marvin P. Bush and Bush relative Wirt Dexter Walker III, and Kuwaiti Mishaly S. Sabah) ES Bankest and Bankest Capital Corporation, deposed due to that relationship being a CIA front, agent, operative, asset or proxy?

Interrogatory 228: Was Mark J. Scheer's statement in deposition that Eduardo Orlansky and Hector Orlansky controlled Winston Financial Corporation, that is controlled by Marvin P. Bush, not the Orlansky brothers, an attempt to conceal the truth and CIA role in September 11, 2001?

Interrogatory 229: Bank Espirito Santo of Portugal established a branch in Miami FL. Additionally, Bank Espirito Santo of Miami was directly involved in the creation of Bankest International, Bankest Capital Corporation, and E.S. Bankest, the largest creditor of WTC security company Stratesec.

Citation: Bank Espirito Santo v. E.S. Bankest LC, 1:03-cv-22112, (S.D. Fla.), Date Filed: Aug. 6, 2003, Date Terminated: Feb. 28, 2005; Date of Last Known Filing: Feb. 7, 2007; Cause: 28:1332 Diversity-Negotiable Instrument; Nature of Suit: 140 Negotiable Instrument; Jury Demand: Defendant.

Were Espirito Santo Bank of Portugal, Espirito Santo Bank Miami FL and E.S. Bankest money laundering conduits of the CIA and/or Stratesec and/or Marvin P. Bush's Winston Financial Corporation?

Interrogatory 230: During the SD Florida matter Bank Espirito Santo, E.S. Bankest LC to take deposition of the CEO of the bank Victor C. Balestra. Was Mr. Balestra a money launderer for the CIA?

Interrogatory 231: Is Afc Corporate Services, LLC, 999 Brickell Avenue Suite 300, Miami Florida, same address as Helm Holdings International Inc (Delaware), Helm Holdings International, Inc, Miami as a foreign corporation, and now Helm LLC as "conversion" a CIA controlled operation?

Interrogatory 232: Are CIA controlled entities, law firms, banks operating inside the US a violation of US law because the CIA is forbidden to conduct operations inside the USA unless attached to a domestic US government department or agency?

Interrogatory 233: The Architects and Engineers for 9-11 Truth have done an excellent job of analyzing the various NIST (National Institute of Standards and Technology) reports and have found glaring errors, obvious mistakes to the level of incompetence or intentional, and false conclusions that are highly suggestive of a systematic coverup about why the Twin Towers collapsed in controlled demolition fashion. The University of Alaska engineering department also conducted a similar analysis and came to the same conclusions.

If the issue is the US government in massive coverup mode to conceal its criminal actions versus competent architects and engineers who have studied the collapse of the Twin Towers in detail, would you believe the professionals or the US government people hiding the truth about what really happened and more importantly why it happened?

Interrogatory 234: Did the CIA then or now have operatives inside NIST to assist in the coverup of what really happened on September 11, 2001?

Interrogatory 235: Due to the findings of what is stated in interrogatory 203 above, AE911Truth stayed focused on every possible detail to establish the fact that WTC 1, WTC 2 and WTC 7 were all controlled demolitions as other investigators focused on prior to and following that day as to why, how and who did it.

Do have any personal knowledge that no “radical Islamic terrorists” were involved in September 11, 2001 and the real criminals were rogue elements of the US government and certain agencies and people within those groups and wealthy elite insiders pushing a DC political agenda?

Interrogatory 236: Does the CIA have any “radical Islamic terrorists” on its payroll or operating as proxies?

Interrogatory 237: Was Al Qaeda created by, trained, armed and funded by the CIA?

Interrogatory 238: Was ISIS – ISIL created by, trained, armed and funded by the CIA or CIA proxies?

Interrogatory 239: Was Boko Haram created by, trained, armed and funded by the CIA or CIA proxies?

Interrogatory 240: Is the terrorism in Pakistan aimed at the CPEC, China Pakistan Economic Corridor, sponsored by and funded by the CIA or CIA proxies?

Interrogatory 241: Within Pakistan the terrorist groups are BLA (Balochistan Liberation Army) and TTP (Tehrik (movement) Taliban Pakistan. Are those CIA sponsored groups as a US temper tantrum over the CPEC, China Pakistan Economic Corridor the US conspired for over 10 years to take over with military force due to September 11, 2001?

Interrogatory 242: Are you aware that it is illegal for the CIA to operate inside the United States unless attached to a domestic agency?

Interrogatory 243: Does the CIA violate US laws because it thinks it is above all laws, US or otherwise?

Interrogatory 244: Under Clinton and Bush were you always operating under Presidential authority?

Interrogatory 245: Did either President Clinton or President Bush, or both, order you to break US law?

Interrogatory 246: Did former President Clinton authorize the wiring of WTC 7 for controlled demolition on September 11, 2001 as a favor to a known criminal Lucky Larry Silverstein?

Interrogatory 247: Did you direct the covert operations side of CIA or DDO James L. Pavitt to get the World Trade Center matter handled for controlled demolition of WTC 7?

Interrogatory 248: Regarding the February 26, 1993 bombing of WTC 1 North Tower, was that on George H W Bush or Clinton's orders?

Interrogatory 249: Who authorized the CIA to illegally collaborate with Saudi GDI Los Angeles CA office to "recruit radical Islamic males to fly commercial jets to attack America" as a cover story?

Interrogatory 250: Since Saudi GDI is absolutely not a US domestic agency, was any domestic agency or department of the United States also involved in this diversionary operation?

Interrogatory 251: If yes, exactly what US domestic agency or department of the US government and who by name was aiding and abetting that Saudi GDI – CIA activity inside the United States?

Interrogatory 252: Many eyewitnesses saw molten steel metal flowing out of one of the Twin Towers. Are you knowledgeable enough in high rise steel construction to know that no fire in any high rise in the world has ever reached temperatures that would turn structural steel elements to molten state or have caused a global collapse of any building, anywhere, except the 3 that collapsed at World Trade Center on the same day September 11, 2001?

Interrogatory 253: The only known method that can take structural steel back to molten state is known as "thermitic reaction". There is a fast and volatile method that cannot be controlled and would be totally ineffective and unsuitable in a "controlled demolition". However, a Germany company that has been involved in thermitic reactions for over 120 years did develop a slow, methodical and destructive way to do thermitic reactions. What is suggested here is like initiating a slow thermitic reaction on massive beams and columns that can reach 3,000 to 4,000 F and would melt or evaporate part of the steel structural members.

Are you familiar with the process known as thermitic reaction that can produce extremely high heat levels that far exceed the level of any building fire temperatures?

Interrogatory 254: Have you been aware at any time that the purported WTC Security company Stratesec was directly involved with a US government lab from 1994 forward on thermitic reaction research and that was not long after the FBI assisted February 26, 1993 bombing of WTC 1 North Tower that did no damage whatsoever to the WTC core superstructure?

Interrogatory 255: The slow method of thermitic reaction is a plate that can be attached to a column or beam and once ignited can reach temperature levels that not only weaken steel, turn it into molten state but can also literally evaporate steel due to extremely high temperature. There was evidence in the rubble pile not only of molten steel of WTC 1, 2 and 7, but some of the structural members also showed that some were partially evaporated and seriously degraded on structural load bearing capacity.

Are you personally aware that such a method was used to bring down the WTC towers to first weaken and degrade and then a typical controlled demolition bomb sequence could finish off the WTC Twin Towers and WTC 7 once the strength of the steel had been seriously weakened?

Interrogatory 256: Do you have any personal knowledge that on September 12, 2001 a $120 billion bond issue was coming due that was a Brady Bonds and fake gold certificates structure done in the George H W Bush Administration of 10 Year Term and September 11, 2001 suddenly aborted the payment on that matter? There were reportedly 2 parallel bond issues of same structure, 1 for Israel and the one involving George H W Bush Administration and Cantor Fitzgerald.

Interrogatory 257: Do you have any personal knowledge that Cantor Fitzgerald was directly involved in that bond issue and payment was due on or about September 12, 2001 and in part involved the Bush Family in that George H W Bush and Nicholas Brady initiated the deal?

Interrogatory 258: Have you been aware at any time that in addition to Howard Lutnick being the sole survivor of Cantor Fitzgerald, L. Paul Bremer was the sole survivor of the NYC office of Marsh McLennan and he was the first to be on a US television network MSNBC that morning pointing the finger of blame at Osama bin Laden and Afghanistan?

Interrogatory 259: Was Paul Bremer directly involved in insurance brokerage for the PANY&NJ and what was collectively named Affiliated FM Insurance, et al?

Interrogatory 260: Is L. Paul Bremer, former Henry Kissinger associate, a "reliable CIA asset"?

Interrogatory 261: Was Paul Bremer directly involved in arranging insurance on the asbestos plagued WTC for Lucky Larry Silverstein and Frank Lowy in his "double terrorist attack" payout of $4.5 billion that the PANY&NJ was seeking the same amount in the 1991 lawsuit but lost on May 17, 2001?

Interrogatory 262: Are you aware of any reason related to insurance fraud by Marsh McLennan regarding PANY&NJ and/or Larry Silverstein that it was important to eliminate all employees and insurance records on September 11, 2001, except L. Paul Bremer?

Interrogatory 263: Bush made L. Paul Bremer the head of Iraq in 2003 and he seems to have botched it just like George W. Bush did in Afghanistan and Iraq. Was that Bremer's reward for playing along with what may go down in history as the most stupid and evil thing the US government ever did?

Interrogatory 264: Do you know who a Bush in-law James Pierce is, former AON, former Marsh in their Energy Specialty insurance group?

Interrogatory 265: Was or is James Pierce a reliable CIA asset?

Interrogatory 266: Houston Casualty Company issued a public statement following September 11, 2001 that the company took a $30 million write off loss after September 11, 2001, but apparently no other insurer of the Affiliated FM Insurance, et al consortium has been found that issued such a statement.

Had the insurance policies on WTC itself as the buildings already been revoked or lapsed due to nonpayment? There were rumors that the insurance consortium increased the premiums by around 300% after the May 17, 2001 final order effectively condeming the WTC, and possibly those were never paid, since someone had already dreamed up the "Lucky Larry Silverstein" approach to solving the asbestos problems?

Interrogatory 267: Did the US government directly or indirectly through the Pentagon or CIA indemnify that $4.5 billion pay out to Larry Silverstein on a double terrorist attack that did not happen other than CIA, Pentagon and US Defense contractor fingerprints are on the crime of September 11, 2001?

Interrogatory 268: Have you been aware at any time that the 99-Year Lease the PANY&NJ did with Larry Silverstein and Australian Frank Lowy was an end around way to get approximately $4.5 billion due to an "alleged double terrorist attack" as an "insider strawman deal" or a "nesting doll arrangement structure" to rebuild the WTC rather than the same approximate $4.5 billion amount was needed to do asbestos remediation on the WTC complex without destroying the buildings intentionally and completely and intentionally killing so many people on that day of September 11, 2001?

Interrogatory 269: What business is it for the Secret Service to arrange an 8am meeting on September 11, 2001 with Larry Silverstein and Fort Monmouth AMC, New Jersey about "terrorist bomb attack" on WTC 7 and the meeting was cancelled from the Silverstein side?

Interrogatory 270: Have you been aware at any time that the stated purpose of that meeting was to discuss ways to prevent a "terrorist bombing attack" of World Trade Center 7?

Interrogatory 271: Are you aware that there is a video that has surfaced that emphatically proves WTC 7 was a controlled demolition and Richard Gage of AE911Truth has featured it in a lengthy video as to why all three, WTC 1, WTC 2 and WTC 7 were controlled demolitions? A NYC employee was making sure WTC 7 had been completely evacuated and while on an upper level floor they started blowing the elevator shafts and he had to walk down many floors due to no elevators.

Interrogatory 272: Do you know why in high-rise steel buildings in a controlled demolition they take out the elevator shafts first?

Interrogatory 273: Do you think it is hypocritical, deceitful and callous to schedule an 8am meeting the morning of September 11, 2001 to discuss preventing a terrorist bombing attack on WTC 7 when the entire building was already wired, and explosives set to destroy WTC 7 at approximately 5:20pm the same day?

Interrogatory 274: At approximately 5:00pm on September 11, 2001 TV reporter Jane Stanley of the BBC announced the collapse as "We have just learned that the Salomon Building has collapsed.". Even on that live TV broadcast by the BBC, the WTC 7 (Salomon Building) was still standing in the background as BBC was reporting the continuing "modern atrocity propaganda horror show".

Who screwed up the script? Was it the BBC / MI6, or Langley, or CIA handlers on the scene?

Interrogatory 275: Was that premature announcement by the BBC just more of the intentional CIA confusion as to what really happened on September 11, 2001 and who did it?

Interrogatory 276: Are you aware that the Secret Service and the Fort Monmouth AMC bomb experts stayed onsite for 3 additional days searching for unexploded bombs in the WTC 1 and WTC 2 rubble pile? That was immediately in advance of George W. Bush appearing at the site and blaming Afghanistan for the crime that the Bush Administration and US government committed.

Interrogatory 277: Have you been aware at any time that COO of Stratesec Barry McDaniel was formerly with BDM International, a Carlyle Group subsidiary and Fort Monmouth AMC in New Jersey and is a known explosives expert?

Interrogatory 278: Do you now know exactly how the phrase "modern atrocity propaganda" was first used and how that came about due to the George H W Bush Administration and Desert Shield 1990 and Desert Storm 1991?

Interrogatory 279: Would it surprise you that the same family that has fingerprints on "modern atrocity propaganda" and Desert Shield – Desert Storm, has fingerprints on the destruction of the World Trade Center and they are Kuwaiti, not Saudi?

Interrogatory 280: Many of the NYPD and NYFD reported and have publicly stated that multiple bombs went off in the Twin Towers before they collapsed. Are you aware that there is video evidence taken at less than 1,000 feet distance that no hijacked Boeing 767 from Boston Logan International Airport hit WTC 2?

Interrogatory 281: Is the "Official CIA position the radical Islamic males" covertly wired those buildings and then allegedly slammed jets into them to cover up that controlled demolition?

Interrogatory 282: Are you aware that NYFD firefighters took elevators up to the 40th Floor of WTC 2 South Tower and walked up the 78th Floor where the second jet hit the south face of WTC 2?

Interrogatory 283: Are you aware that there is an audio recording when the lead firefighter radioed in to the precinct that they had reached the 78th floor, there were two small fires and that they could control them?

Interrogatory 284: Are you aware that 1 minute later, with only 2 small containable fires in the entire building, WTC 2 collapsed killing all still in the building?

Interrogatory 285: Have you been aware at any time that John Patrick O'Neill, former FBI and head of the counter terrorism unit left the FBI in August 2001 at the age of 49?

Interrogatory 286: Have you been aware at any time that starting in 1995 John Patrick O'Neill was conducting his own internal investigation in the FBI about what really happened in the February 26, 1993 bombing of WTC 1, North Tower because Clinton fired the FBI Director William Sessions and it came out in the trial that the FBI was directly complicit in that 1993 bombing?

Interrogatory 287: John O'Neill left the FBI due to internal harassment and conflicts due to his inquiries into the February 26, 1993 bombing and the FBI complicity in that crime.

Have you been aware at any time that shortly before September 11, 2001, John Patrick, O'Neill was hired as head of security of the World Trade Center by Kroll Associates but the Stratesec security contract did not expire until September 11, 2001?

Interrogatory 288: Have you been aware at any time that John Patrick O'Neill died on September 11, 2001 helping people to evacuate WTC 2, South Tower, which collapsed first and only 2 minor fires on the 78th Floor that were containable?

Interrogatory 289: Was John Patrick O'Neill merely "collateral damage" because he was asking too many questions leading up to September 11, 2001?

Interrogatory 290: The following is an excerpt from the Plaintiffs lawsuit:

"It will be sufficient to say here that no tall structural steel building has ever suffered global collapse, either before or after 9/11, for any reason other than controlled demolition. [emphasis added]. On 9/11, the official account says that there were three such instances due to minor low heat fires – all on the same day and in the same place. That is a very suspicious record that cannot be ignored when looking at all of the other factors."

Do you agree with the foregoing statement of fact?

Interrogatory 291: Did the CIA plant mouthpieces in NIST or influence the NIST to come up with their ridiculous narratives and reports about why the WTC 1, WTC 2 and WTC 7 collapsed when nowhere on the planet had any high-rise steel ever collapsed due to minor or very intense major fires?

Interrogatory 292: The conduct of the CIA, Pentagon and certain defense contractors will be put under full scrutiny in the Plaintiffs lawsuit. Flight 11 and Flight 175, both Boeing 767 jets from Boston Logan International Airport did not hit WTC 1 or WTC 2. The Boeing 757 Flight 77 from Dulles International did not hit the Pentagon. Flight 93 from Newark is still a question mark on what really happened. However, the US Official Lie Story did not happen and can be proven in Court before a Jury.

Were Flights 11, 175, 77 and 93 taken over by the Boeing uninterruptible autopilot system to where the pilots had no control over the aircraft? If yes, exactly who did that within US airspace?

Interrogatory 293: Are Flights 11, 175 and 77 at the bottom of the Atlantic Ocean in "Whiskey" zones, otherwise US Navy and US Air Force designated "Warning Zones" that are randomly closed to commercial and private aircraft and clearly shown on Foreflight and now Foreflight + Jeppesen flight path systems?

Interrogatory 294: Were Flights 11, 175, 77 and 93 directed to some US government air base and the passengers murdered there after they made cell phone calls that are absolutely not possible at cruising altitudes?

Interrogatory 295: Do you think or know as fact the US government is who committed the crime of September 11, 2001?

Interrogatory 296: One of George Bush's stated reasons for assaulting Afghanistan is the Taliban would not hand over Osama bin Laden and he was going to go get him.

Have you been aware as DCI or private citizen that Osama bin Laden was not in Afghanistan?

Interrogatory 297: Osama bin Laden was in Ladiz Iran, Balochistan Province and was being treated at a military hospital near Tehran. Former House Armed Services Committee Vice Chairman Curt Weldon confirmed that via his own intelligence sources. Mr. Weldon challenged the CIA on the matter they said they "had heard about it but would neither confirm nor deny".

Have you ever been aware of what Osama bin Laden was being treated for as a serious and ultimately fatal medical condition?

Interrogatory 298: In 2025 there have been two recorded video interviews done by Tucker Carlson and Clayton Morris of 'Redacted' with Curt Weldon. Mr. Weldon (R-PA) is a former high-ranking member of the US House, Vice Chairman of House Armed Services Committee and Chairman of a subcommittee overseeing a $180 billion Defense Research program. Mr. Weldon had 4 intelligence assets reveal to him personally that Osama bin Laden was in Ladiz Iran. Mr. Weldon also revealed Osama bin Laden was being treated at a military hospital near Tehran, but not what he was being treated for or what exact medical condition. When Curt Weldon started questioning September 11, 2001 and certain actions, the Bush Administration wanted him out of power and out of Congress and used the FBI and CIA to frame him to lose in the 2006 midterm elections. Curt Weldon was in line to be the next Chairman of House Armed Services Committee.

Have you been aware of any of the foregoing as DCI or as a private citizen?

Interrogatory 299: Have you been aware at any time that the longest serving CIA person on the UBL Station, aka: ALEC Station, the Usama bin Laden hunters was killed in Khost Afghanistan along with 7 other CIA agents, which is much closer to where Osama bin Laden was than the mountains Bush was bombing, and was reported by the NY Post on December 20, 2009?

Interrogatory 300: Kidney disease that leads to renal failure and death is what Osama bin Laden was being treated for in Iran. It is not likely he was still alive as of December 2009 or when Barrack Obama and Hillary Clinton allegedly bagged him in Islamabad Pakistan and dumped the body in the ocean, so no one could rely on a positive ID.

Are you aware of who was actually killed by SEAL Team 6 in Pakistan, and shortly thereafter SEAL Team 6 was dead, too?

Interrogatory 301: Did one of your replacements as DCI inform Obama and Hillary Clinton that they had better dispose of the body by dumping in the ocean rather than let the cat out of the bag that Osama bin Laden had been dead for years? If yes, the endless "threat, threat, threat" was all Bush and Obama and CIA theater?

Interrogatory 302: The day before on September 10, 2001, Donald Rumsfeld was in a Pentagon press conference and admitted that the Pentagon could not account for $2.3 trillion when reporters were grilling him about an internal Pentagon investigation that was in progress. The next day on September 11, 2001 that investigation team was eliminated by the attack on the Pentagon.

Have you been aware of that fact at any time after September 11, 2001?

Interrogatory 303: There are no A3 Skywarrior aircraft operating out of Dulles International Airport nor would any "radical Islamic male" be allowed on a military base to steal one. The Pentagon reportedly had 2, operating condition unknown, but Hughes Aircraft had purchased a fleet of them that had been completely refurbished and upgraded and was then acquired by Raytheon Corporation, which was later acquired by WTC 2, 91st South Tower tenant Washington Group International.

Have you ever been aware of this fact?

Interrogatory 304: Have you been aware at any time where that $2.3 trillion US dollars disappeared to from the Pentagon?

Interrogatory 305: Have you been aware at any time that in June 2001 Donald Rumsfeld changed the rules of engagement for alleged hijacked aircraft or enemy aircraft penetrating US airspace from 2 modes to 1 and the only remaining was just a watch, tail and see mode?

Interrogatory 306: Have you been aware at any time that on September 12, 2001 Donald Rumsfeld reinstated the dual intercept rules of engagement that are both FAA notice of hijack and USAF response?

Interrogatory 307: When former Secretary of Defense Donald Rumsfeld, deceased, and CENTCOM commander General Tommy Franks were testifying before Congress months before September 11, 2001, General Franks responded to a direct question about what his primary mission was in Afghanistan as *"the pipeline and access to the regions resources"*.

Why did George Bush and Dick Cheney lie to America and the world about their real motives in blaming 9-11-2001 on Afghanistan since it sits right in the middle between Turkmenistan and Pakistan to get a pipeline all the way to an ocean port?

Interrogatory 308: The 10th Mountain Division had been ordered to mobilize and provision for invasion of Afghanistan well in advance of September 11, 2001. The earliest known combat clashes with the Taliban involved Green Berets, CIA Special Activities Division and 10th Mountain Division and were weeks before Johnny Micheal Spann was allegedly killed in the prison uprising.

Were you ever aware of those facts?

Interrogatory 309: Do you have knowledge that former CIA DDO, Deputy Director Operations, James L. Pavitt (deceased December 23, 2022) was directly involved in the controlled demolition of the WTC and preemptive actions in Afghanistan to clear a path for George Bush and Tony Blair to steal the Bridas accomplishment with military force?

Interrogatory 310: The BBC characterized Pavitt's appearance before the 9-11 Commission as "unprecedented". Do you have reason to believe or firsthand knowledge that Pavitt's appearance was to deflect attention away from US government involvement in September 11, 2001 and the fact that CIA Special Activities Division, a private CIA army were already on the ground in Afghanistan probably even before September 11, 2001?

Interrogatory 311: Have you been aware at any time that CIA counter terrorism expert Cofer Black is known to have lied to and misled the 9-11 Commission? Apparently, that was Ok since they were not seeking the truth anyway.

Interrogatory 312: After Larry Silverstein leased WTC for 99 years, he apparently changed security companies to Kroll Associates and had Dr. Jerome Hauer, PhD as head of the NYC Office of Emergency Management. This is the same man former Mayor Rudy Giuliani had initiated and put into operation the NYC Emergency Management Center in WTC 7, and his PhD is from a UK military academy. Additionally, it was Jerome Hauer that hired former FBI counter terrorism expert John Patrick O'Neill as head of WTC security shortly before September 11, 2001.

Do you have knowledge that Dr. Jerome Hauer, PhD was involved in the controlled demolition of the WTC?

Interrogatory 313: Was part of the Kroll Associates role to get rid of John Patrick O'Neill because he asked too many questions and he knew too much about the February 26, 1993 bombing of WTC 1 North Tower?

Interrogatory 314: Is Kroll Associates and Dr. Jerome Hauer "reliable CIA assets"?

Interrogatory 315: Have you ever been aware that the WTC security company Stratesec contract expired on September 11, 2001 and they still had full access to the WTC buildings?

Interrogatory 316: Were you aware in the proximity of September 11, 2001 that former President George W. Bush promoted Christopher R. Wray from the US Attorney Atlanta office to Assistant Attorney General Criminal Division in 2001 and then appointed Michael Chertoff to Third Circuit US Court of Appeals from 2003 to 2006, Philadelphia PA where the WTC asbestos lawsuit was appealed after the May 17, 2001 court decision against PANY&NJ and then quickly upheld the May 17, 2001 New Jersey US District Court ruling on November 14, 2002?

Interrogatory 317: Is former FBI Director Christopher Wray a "reliable CIA asset" and coverup artist like former FBI Director Robert Mueller?

Interrogatory 318: Do you have any personal knowledge that Larry Silverstein had information that the entire WTC complex was going to be destroyed due to the PANY&NJ losing the US District Court lawsuit on May 17, 2001?

Interrogatory 319: Larry Silverstein has stated in a public forum that he personally gave the order "pull it" regarding WTC Building 7. Is the term "pull it" related to controlled demolitions of midrise and high-rise buildings?

Interrogatory 320: Was the Washington International Group subsidiary Morrison & Knudsen involved in the controlled demolition of the WTC 1 and WTC 2 towers in any manner?

Interrogatory 321: Given that it would take months to wire, test explosion sequences, and place explosives, if September 11, 2001 was a "surprise terrorist attack by 19 Saudi and Arabic extremists that hate America's freedoms", can you come up with any believable explanation as to how the WTC 7 got wired and brought down by controlled demolition in less than 8 hours after WTC 1 and WTC 2 lay in ruins?

Interrogatory 322: Have you been aware at any time since August 2015 that Sputnik International published an article titled 'Nearly 4 Thousand 9/11 First Responders Have Been Diagnosed with Cancer' 20:27 GMT 11.08.2015 (Updated: 10:24 GMT 06.08.2022), and that as of August 2015 the total number or First Responders and site cleanup workers that had been diagnosed with cancer or died of cancer had reached 3,700, which is considerably more than died at WTC Ground Zero?

Interrogatory 323: The Plaintiffs have yet to find any US newspaper or magazine article or any TV news report or photo op that picked up on what is an extremely important matter that is a direct result of the crime of September 11, 2001.

Have you ever seen any report that the cancer cases and impending deaths due to asbestos induced cancer had already exceeded the death toll of September 11, 2001 by 2015, and that was just the First Responders?

Interrogatory 324: On September 12, 2019, Sputnik ran another article that got almost zero notice or coverage by any US MSM media outlets whether print or television: "'There's No End to This': 18 Years Later, 9/11 First Responders Still Seek Medical Support."

Do you think the Trump Administration intends a full, total and complete disclosure of what happened on September 11, 2001, because if not this lawsuit intends to do so on behalf of about 2 million plaintiffs that have had their lives and health ruined or ended by asbestos induced cancer, pathetic and harmful anthrax vaccines forced upon US soldiers, due to what the US did on September 11, 2001?

Interrogatory 325: The Year of 1999 is going to prove to be pivotal in proving who really did September 11, 2001 and why they murdered US and foreign citizens to go rushing at Afghanistan for oil, natural gas, and pipeline right-of-way. The purported WTC security company was "Securacom" but was an intentional ruse and distraction. The real WTC security company was Stratesec.

Exactly why did CIA refuse the Able Danger Fusion meta-data program in 1999?

When detected, the CIA stopped sharing crucial intelligence data with the FBI counterterrorism group.

The CIA UBL Station, Alec Station was engaged in a witch hunt for Osama and he was not even in Afghanistan.

Mohammed Atta was detected as being in the US, but was not the ringleader of September 11, 2001.

Author Karl Schwarz met 2 men that worked for Bridas Corporation in November 1999 and was fully briefed on their accomplishments 1992-1996 in Turkmenistan, Afghanistan and Pakistan and when the $15 billion lawsuit was filed in Texas as <u>Bridas v. Unocal, Delta Oil, et al</u>.

Interrogatory 326: The following is another excerpt from the Plaintiffs lawsuit:

"The year before 9/11, Securicor was caught employing criminals in similar security functions, and three of its executives pled guilty to conspiracy. Argenbright had to plead guilty to falsifying employee records so that it could hire those convicted of drug possession and assault for airport security jobs.

"After 9/11, Securicor, currently named G4S, not to be confused with Bush Stratesec and fake ID Securacom, faced about 30 lawsuits from victim's families. Another director that Condon supervised at Securicor, former Group CFO Trevor Dighton, said of the company's liability – **<u>"I'm not worried about it (the litigation) one little bit. The two planes involved weren't those that crashed into the towers – that's the first thing."</u>** **[emphasis added]. Refer to Exhibit A and Exhibit B. ""**

There is photographic and video evidence that Boeing 767 Flight 175 absolutely did not hit WTC 2, South Tower. One person that had a video was robbed by the CIA in Berlin Germany on December 2, 2011 to seize that copy. Another person in Maryland that had a copy of the video was found murdered in her home in November 2012 and the video and still photos were gone.

Who really hijacked the Flights 11, 175, 77 and 93 with the Boeing uninterruptible autopilot technology?

Interrogatory 327: What did Securicor, now G4S know that destroys the DC Official Story about what really happened on September 11, 2001?

Interrogatory 328: The following is an excerpt from the Plaintiffs lawsuit:

*"In September 2000 PNAC released "Rebuilding America's Defenses" a report that promotes "the belief that America should seek to preserve and extend its position of global leadership by maintaining the preeminence of U.S. military forces". The report states, "**advanced forms of biological warfare that can 'target' specific genotypes may transform biological warfare from the realm of terror to a politically useful tool**".* **See Exhibit G."**

Does that read like a nation that is great because she is good or more of a statement that America is now as low as any despicable terrorist on Earth? The foregoing is exactly what the Deep State is working on and it is nothing short of evil. Bush started this insanity with Project BioShield in 2003, handing over control of bioweapon labs to Battelle Corporation and then BARDA and the new ASPR military position inside of DHHS.

Is PNAC (Project for a New American Century) a CIA project to pervert US policy and even promote the inexcusable?

Interrogatory 329: Is Battelle Corporation a creation of and operations arm of the CIA?

Interrogatory 330: Exactly who funded the Human Genome Project at Oak Ridge National Laboratory and was run by Battelle Corporation?

Interrogatory 331: Is the Neocon dream of biological weapons that are genetic specific a joint CIA and Pentagon operation to carry it out to a real level of United States government insanity?

Interrogatory 332: Are you familiar with the term "mens rea"; i.e. guilty mind?

Interrogatory 333: Do you have a rough estimate of how many people in the CIA, the Bush, Obama and Biden White House, Pentagon leadership, US government agencies, US defense contractors, the Neocons, the US main stream media, the PANY&NJ, past and current members of the US Senate and US House, Washington DC lobbyists, should be charged with 18 U.S. CODE 18 § 4, MISPRISION OF FELONY regarding what really happened September 11, 2001 and exactly why?

Interrogatory 344: The following is the opening statement of the Plaintiffs lawsuit. There are around 2 million Plaintiffs, about 250 Defendants with an allocation for up to 250 Jane Does and 250 John Does uncovered in Court Ordered Discovery.

OVERVIEW OF CAUSE OF ACTION

It has been said by wise and historically knowledgeable people throughout history that the first casualty in any war that is initiated by an aggressor is always the truth. There are previous court cases in multiple states in the US District Court, and state courts, even in two (2) circuits of the US Court of Appeals that shed light on why September 11, 2001 happened, why the World Trade Center was destroyed, and what the real motives and objectives were for creating that day of infamy. In short, that intentional and premeditated casualty named Truth was by the hands of the Defendants in this Lawsuit. It was nothing less than the premeditated and intentional assassination of the Truth in “shock and awe” horror story fashion by the Defendants as their cover story to deflect attention away from their long-planned crimes. Any reader of this document will better understand these words that appear again in this overview: “modern atrocity propaganda”. The United States has used that ploy in many nations since the George H W Bush Administration as an excuse for military intervention based on lies and fabricated “intelligence”, manipulation of facts to justify the inexcusable.

What is the next Official DC Lie? Every American that died on September 11, 2001, the 372 foreign citizens from 61 nations that died on 9-11-2001, the millions killed in illegal wars of aggression, and who has died due to asbestos induced cancer since 9-11-2001 were all just “CIA and Neocon collateral damage”?

Interrogatory 345: Are you aware that 343 NYFD firefighters plus 1 NYPD fire patrolman (344 total) wrongfully died on September 11, 2001 trying to save people attacked by the US government as justification to go rushing at Afghanistan, and many more have died since or will die due to asbestos induced cancer that no one wants to admit except the Courts and their final orders will address the matter of the asbestos and who really did September 11, 2001?
